## AN ACT

To require the development of strategies and options to prevent the export to Iran of certain technologies related to unmanned aircraft systems, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2       This Act may be cited as the “Block the Use of  
3 Transatlantic Technology in Iranian Made Drones Act”.

4 **SEC. 2. FINDINGS.**

5       Congress finds the following:

6           (1) The Iranian regime has provided financial  
7 and material support, including the provision of un-  
8 manned aircraft systems, to United States adver-  
9 saries, including terrorist organizations such as  
10 Hamas, Hezbollah, the Houthis, and Palestinian Is-  
11 lamic Jihad, and the Russian Federation as a part  
12 of its illegal war of aggression against Ukraine.

13           (2) In 2022, the United States established an  
14 interagency task force to investigate how United  
15 States and Western-made technology has been incor-  
16 porated into unmanned aircraft systems produced by  
17 Iran and take appropriate steps in response.

18           (3) On June 9, 2023, the Department of State,  
19 the Department of Justice, the Department of Com-  
20 merce, and the Department of the Treasury issued  
21 a joint advisory to alert persons and businesses glob-  
22 ally to the threat of Iran’s unmanned aircraft sys-  
23 tems and the need to take appropriate steps to avoid  
24 or prevent any activities that would support the fur-  
25 ther development of Iran’s unmanned aircraft pro-  
26 gram.

1           (4) In recent years the United States enacted  
2       sanctions targeting—

3           (A) the unmanned aircraft industry and  
4       missile industry of Iran;

5           (B) entities, individuals, and vessels that  
6       played a central role in facilitating and financ-  
7       ing the clandestine sale of Iranian unmanned  
8       aerial vehicles; and

9           (C) entities associated with the Iranian de-  
10      fense ministry's procurement of critical compo-  
11      nents for missiles and drones.

12 **SEC. 3. SENSE OF CONGRESS.**

13       It is the sense of Congress that—

14           (1) controlling the end use of dual use tech-  
15      nology and highly ubiquitous parts thereof in the  
16      global market is difficult for manufacturers and gov-  
17      ernment regulators alike;

18           (2) Iranian-made unmanned aircraft systems  
19      play a key role in the Russian Federation's illegal  
20      war of aggression against Ukraine, including attacks  
21      on civilian population centers and critical infrastruc-  
22      ture such as power plants and ports; and

23           (3) the United States, along with the allies and  
24      partners of the United States, must ensure that  
25      technology designed or produced by United States or

1 using certain United States software, technology, or  
2 production equipment, is not used to support the  
3 Russian Federation's war of aggression against  
4 Ukraine or used by Hamas to attack Israel, particu-  
5 larly in the case of unmanned aircraft systems pro-  
6 duced by Iran.
