## A BILL

To provide that, for a 3-year period, applications for the exportation of natural gas to member countries of the North Atlantic Treaty Organization be granted without modification or delay, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “American Gas for Al-  
5       lies Act”.

6       **SEC. 2. FINDINGS.**

7       Congress finds the following:

1           (1) The United States has been a critical mem-  
2           ber of the North Atlantic Treaty Organization since  
3           1949.

4           (2) The North Atlantic Treaty Organization  
5           has provided safety and security for the United  
6           States and its European allies for decades.

7           (3) Ukraine has been a crucial strategic partner  
8           for the North Atlantic Treaty Organization since the  
9           early 1990's, and the North Atlantic Treaty Organi-  
10          zation has long held that Ukraine's future includes  
11          full membership in the alliance.

12          (4) Russia's unprovoked 2022 invasion of  
13          Ukraine presents a security threat to all the North  
14          Atlantic Treaty Organization allies, including the  
15          United States.

16          (5) The North Atlantic Treaty Organization  
17          supports Ukraine's right to self-defense and its right  
18          to choose its own security arrangements.

19          (6) The United States maintaining a strong  
20          partnership with Ukraine is vital to the security of  
21          both countries.

22          (7) Liquefied natural gas imported from the  
23          United States has provided Ukraine a critical lifeline  
24          during Russia's unprovoked invasion.

1           (8) A dependable supply of energy is vital to  
2 the economic and national security of all of the  
3 North Atlantic Treaty Organization countries.

4           (9) It is in the national security interest of the  
5 United States for the North Atlantic Treaty Organi-  
6 zation countries to acquire energy resources from  
7 the United States, rather than foreign adversaries.

8           (10) The United States National Energy Tech-  
9 nology Laboratory has concluded that United States  
10 liquified natural gas supplied to Europe has up to  
11 56 percent less total greenhouse gas emissions than  
12 European coal, while Russian natural gas delivered  
13 to Europe has up to 22 percent more greenhouse  
14 gas emissions than European coal.

15           (11) The United States liquified natural gas in-  
16 dustry has contributed more than \$400,000,000,000  
17 to United States gross domestic product and sup-  
18 ported more than 270,000 United States jobs on av-  
19 erage, annually since 2016.

20 **SEC. 3. TEMPORARY TREATMENT OF CERTAIN APPLICA-**  
21 **TIONS FOR THE EXPORTATION OF NATURAL**
