## A BILL

To protect the integrity, impartiality, and independence of Federal statistical agencies by establishing fixed terms and for-cause removal protections for the heads of such agencies.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Statistical Agency In-  
5 tegrity and Independence Act of 2025”.

1 **SEC. 2. FINDINGS AND PURPOSE.**

2 (a) FINDINGS.—Congress finds the following:

3 (1) The people of the United States, its finan-  
4 cial markets, its businesses, and its policymakers  
5 rely on the timely, credible, and impartial data pro-  
6 duced by Federal statistical agencies to make in-  
7 formed decisions.

8 (2) The credibility of Federal statistics depends  
9 on public confidence that the data are produced by  
10 agencies that are free from political influence, ma-  
11 nipulation, or censorship.

12 (3) The heads of the principal Federal statis-  
13 tical agencies serve as the chief stewards of this pub-  
14 lic trust, and their professional independence is  
15 paramount.

16 (4) Structures that grant operational and  
17 decisional independence, such as those established  
18 for the Board of Governors of the Federal Reserve  
19 System, provide a proven model for insulating crit-  
20 ical government functions from short-term political  
21 pressures.

22 (b) PURPOSE.—The purpose of this Act is to  
23 strengthen public trust in Federal statistics by insulating  
24 the leadership of principal statistical agencies from polit-  
25 ical interference through the establishment of fixed terms

1 of office, staggered appointments, and clear, for-cause pro-  
2 tections against arbitrary removal.

3 **SEC. 3. DEFINITIONS.**

4 In this Act:

5 (1) COVERED STATISTICAL AGENCY.—The term  
6 “Covered Statistical Agency” means each of the fol-
