

119TH CONGRESS
1ST SESSION

H. R. 5703

To amend the Agricultural Research, Extension, and Education Reform Act of 1998 and the Food, Agriculture, Conservation, and Trade Act of 1990 to direct the Agricultural Research Service to expand organic research, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

OCTOBER 6, 2025

Mr. VINDMAN (for himself and Mr. LAWLER) introduced the following bill;
which was referred to the Committee on Agriculture

A BILL

To amend the Agricultural Research, Extension, and Education Reform Act of 1998 and the Food, Agriculture, Conservation, and Trade Act of 1990 to direct the Agricultural Research Service to expand organic research, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Organic Science and
5 Research Investment Act of 2025”.

1 **SEC. 2. COORDINATING AND EXPANDING ORGANIC RE-**
2 **SEARCH INITIATIVE.**

3 Title IV of the Agricultural Research, Extension, and
4 Education Reform Act of 1998 is amended by inserting
5 before section 404 (7 U.S.C. 7624) the following:

6 **“SEC. 401. COORDINATING AND EXPANDING ORGANIC RE-**
7 **SEARCH INITIATIVE.**

8 “(a) DEFINITIONS.—In this section:

9 “(1) INITIATIVE.—The term ‘Initiative’ means
10 the Coordinating and Expanding Organic Research
11 Initiative established under subsection (b).

12 “(2) SECRETARY.—The term ‘Secretary’ means
13 the Secretary, acting through the Under Secretary
14 for Research, Education, and Economics, in con-
15 sultation with the Office of the Chief Scientist.

16 “(b) ESTABLISHMENT.—The Secretary shall estab-
17 lish, and appoint the members of, an initiative, to be
18 known as the ‘Coordinating and Expanding Organic Re-
19 search Initiative’, to coordinate and expand the resources
20 that the Agricultural Research Service, the National Insti-
21 tute of Food and Agriculture, the Economic Research
22 Service, and the National Agricultural Statistics Service
23 dedicate to organic agricultural research.

24 “(c) DUTIES.—The Initiative shall carry out the fol-
25 lowing duties:

1 “(1) Coordinating all research conducted by the
2 Secretary that is applicable to organic agricultural
3 producers and transitioning-to-organic agricultural
4 producers.

5 “(2) Reviewing and assessing the completed
6 and ongoing organic and transitioning-to-organic ag-
7 ricultural research of the Secretary.

8 “(3) Developing iterative strategic plans for fu-
9 ture organic and transitioning-to-organic agricul-
10 tural research of the Secretary.

11 “(4) Conducting the surveys and submitting to
12 the Secretary the reports under subsection (e)(1).

13 “(d) APPOINTMENT OF MEMBERS.—

14 “(1) IN GENERAL.—The Secretary shall appoint
15 not fewer than 12, and not more than 18, members
16 to the Initiative.

17 “(2) ELIGIBILITY.—To be eligible for appoint-
18 ment to the Initiative under paragraph (1), an indi-
19 vidual shall—

20 “(A) be in the competitive service or the
21 Senior Executive Service (as defined in sections
22 2102 and 2101a of title 5, United States Code);
23 and

1 “(B) have expertise in organic agriculture
2 from a science, research, or technical assistance
3 division of a Department agency.

4 “(3) REPRESENTATION.—In appointing mem-
5 bers to the Initiative, the Secretary shall ensure
6 that—

7 “(A) not fewer than $\frac{1}{4}$ of the members are
8 appointed from each of—

9 “(i) the Agricultural Research Service;
10 and

11 “(ii) the National Institute of Food
12 and Agriculture; and

13 “(B) not fewer than 1 member is ap-
14 pointed from each of—

15 “(i) the Office of the Chief Scientist;

16 “(ii) the National Organic Program of
17 the Agricultural Marketing Service;

18 “(iii) the Economic Research Service;

19 and

20 “(iv) the National Agricultural Statis-
21 tics Service.

22 “(4) CHAIR.—The Secretary shall designate a
23 member of the Initiative appointed from the Office
24 of the Chief Scientist to serve as the Chair of the
25 Initiative.

1 “(5) TERM.—A member of the Initiative—

2 “(A) shall serve for a term of 5 years; and

3 “(B) may be reappointed to the Initiative.

4 “(e) SURVEYS; REPORTS.—

5 “(1) IN GENERAL.—Not later than 3 years
6 after the establishment of the Initiative, and every 5
7 years thereafter, in coordination with the roadmap
8 for agricultural research, education, and extension
9 described in section 7504 of the Food, Conservation,
10 and Energy Act of 2008 (7 U.S.C. 7614a), the Ini-
11 tiative shall—

12 “(A) conduct a survey of all research relat-
13 ing to organic agriculture of the Secretary; and

14 “(B) submit to the Secretary a report con-
15 taining the findings of the survey conducted
16 under subparagraph (A), which shall include
17 sections relating to each of the 4 agencies de-
18 scribed in subsection (b).

19 “(2) RECOMMENDATIONS.—The Initiative shall
20 include in each report submitted under paragraph
21 (1)(B) recommendations relating to—

22 “(A) expanding the research conducted by
23 the Secretary that—

24 “(i) is applicable to agricultural pro-
25 ducers that adhere to the requirements

1 under the national organic program estab-
2 lished under the Organic Foods Production
3 Act of 1990 (7 U.S.C. 6501 et seq.); and

4 “(ii) would explore the new or en-
5 hanced research opportunities that could
6 lead to new discoveries, foster innovation,
7 improve technologies, and promote inte-
8 grated systems approaches to assist—

9 “(I) organic agricultural pro-
10 ducers;

11 “(II) consumers of organic food
12 products;

13 “(III) organic marketing and dis-
14 tribution channels;

15 “(IV) transitioning-to-organic ag-
16 ricultural producers, including with
17 respect to barriers to transitioning to
18 organic production and producers who
19 have considered transitioning to or-
20 ganic production but decided not to
21 do so; and

22 “(V) the organic food industry;

23 “(B) strategies to increase the coordination
24 and effectiveness of projects carried out by the
25 Secretary that are applicable to organic produc-

1 tion and that would improve the efficiency, pro-
2 ductivity, profitability, and ecosystem services
3 of organic crop and livestock production, includ-
4 ing strategies relating to—

5 “(i) developing new public plant
6 cultivars and livestock breeds that are re-
7 gionally adapted and appropriate for or-
8 ganic production;

9 “(ii) expanding the applicability and
10 cost-effectiveness of integrated, ecologically
11 based pest, weed, and disease management
12 for crop and livestock systems;

13 “(iii) developing integrated organic
14 production systems that—

15 “(I) enhance ecosystem services
16 relating to organic crop and livestock
17 production; and

18 “(II) optimize agricultural resil-
19 ience to the impacts of climate change
20 and other stresses, including soil con-
21 servation and soil health, biodiversity,
22 water management, carbon sequestra-
23 tion, and greenhouse gas mitigation;

24 “(iv) improving the remote sensing
25 and monitoring capabilities for ecosystem

1 services relating to organic crop and live-
2 stock production, including soil conserva-
3 tion and soil health, biodiversity, water
4 management, carbon sequestration, and
5 greenhouse gas mitigation;

6 “(v) developing grazing, pasture, for-
7 age, and livestock manure management
8 techniques that are regionally adapted and
9 appropriate for organic production;

10 “(vi) enhancing irrigation and water
11 management techniques used in organic
12 crop and livestock production;

13 “(vii) enhancing food safety relating
14 to organic crops and livestock products, in-
15 cluding guidance on compliance with the
16 Federal Food, Drug, and Cosmetic Act (21
17 U.S.C. 301 et seq.);

18 “(viii) developing new products and
19 new uses of organic crops and livestock
20 products;

21 “(ix) enhancing the quality of organi-
22 cally produced food, including taste, ap-
23 pearance, and nutritional value, after being
24 processed into organic crop and livestock

1 products, through genetic, processing, and
2 related research topics; and

3 “(x) other similar, relevant topics, as
4 determined by the Initiative; and

5 “(C) the development of data and applied
6 research-based information useful to organic
7 and conventional crop producers, associations of
8 those producers, and other interested bene-
9 ficiaries in evaluating the organic and conven-
10 tional crops industries from a regional and na-
11 tional perspective.

12 “(3) REVIEW OF PRIOR REPORT.—The Initia-
13 tive shall include in each report submitted under
14 paragraph (1)(B)—

15 “(A) a review of the recommendations de-
16 scribed in paragraph (2) included in the prior
17 report submitted under paragraph (1)(B); and

18 “(B) the actions taken by the Secretary to
19 implement those recommendations.

20 “(f) CONSULTATION.—

21 “(1) IN GENERAL.—In carrying out this sec-
22 tion, the Initiative shall engage in consultation, in-
23 cluding with—

24 “(A) the National Organic Standards
25 Board; and

1 “(B) land-grant colleges and universities.

2 “(2) ORGANIC AND CONVENTIONAL INDUS-
3 TRIES.—In preparing each report under subsection
4 (e)(1)(B), the Initiative shall consult, on an ongoing
5 basis, with a diverse array of—

6 “(A) organic and conventional farmers,
7 ranchers, handlers; and

8 “(B) organizations that serve those farm-
9 ers, ranchers, and handlers.

10 “(g) CONSIDERATION BY SECRETARY.—In preparing
11 the annual budget recommendations for the Department,
12 the Secretary shall take into consideration the findings
13 and recommendations contained in the most recently sub-
14 mitted report under subsection (e)(1)(B).

15 “(h) REPORT BY SECRETARY.—In the budget mate-
16 rial submitted to Congress by the Secretary of Agriculture
17 in connection with the budget of the United States Gov-
18 ernment submitted by the President under section 1105
19 of title 31, United States Code, for each fiscal year, the
20 Secretary of Agriculture shall include a report describing
21 how the Secretary addressed each recommendation of the
22 Initiative contained in the most recently submitted report
23 under subsection (e)(1)(B).”.

1 **SEC. 3. ORGANIC RESEARCH AND EXTENSION INITIATIVE.**

2 Section 1672B of the Food, Agriculture, Conserva-
3 tion, and Trade Act of 1990 (7 U.S.C. 5925b) is amend-
4 ed—

5 (1) in subsection (a)—

6 (A) in the matter preceding paragraph

7 (1)—

8 (i) by striking “subsection (e)” and
9 inserting “subsection (f)”; and

10 (ii) by striking “2023” and inserting
11 “2030”;

12 (B) in paragraph (7), by striking “and” at
13 the end;

14 (C) in paragraph (8), by striking the pe-
15 riod at the end and inserting a semicolon; and

16 (D) by adding at the end the following:

17 “(9) facilitating the identification and adoption
18 of traditional ecological knowledge in accordance
19 with subsection (e);

20 “(10) developing cultural practices and other
21 allowable alternatives to substances recommended
22 for removal from the National List of Allowed and
23 Prohibited Substances of the National Organic Pro-
24 gram of the Agricultural Marketing Service; and

25 “(11) identifying how organic agriculture can
26 adapt to and mitigate climate change through reduc-

1 ing greenhouse gas emissions, building landscape re-
2 siliency, establishing regenerative agriculture sys-
3 tems, and facilitating other related ecosystem serv-
4 ices.”;

5 (2) in subsection (b)—

6 (A) in the subsection heading, by striking
7 “TYPES AND PROCESS,” and inserting “TERM,
8 TYPES, AND PROCESS;”;

9 (B) by inserting “(3)” after “Paragraphs”;
10 and

11 (C) by striking “(7 U.S.C. 450i)” and in-
12 serting “(7 U.S.C. 3157(b))”;

13 (3) by striking subsection (e) and inserting the
14 following:

15 “(e) INDIGENOUS TRADITIONAL ECOLOGICAL
16 KNOWLEDGE.—Any grants made under this section for
17 the purposes of facilitating the identification and adoption
18 of indigenous traditional ecological knowledge shall be sub-
19 ject to the following requirements:

20 “(1) A 1994 Institution (as defined in section
21 532 of the Equity in Educational Land-Grant Sta-
22 tus Act of 1994 (7 U.S.C. 301 note; Public Law
23 103–382)) or an Alaska Native-serving institution or
24 Native Hawaiian-serving institution (as those terms
25 are defined in section 317(b) of the Higher Edu-

1 cation Act of 1965 (20 U.S.C. 1059d(b))) shall have
2 the role of project director.

3 “(2) The free, prior, and informed consent of
4 any Indian Tribes (as defined in section 4 of the In-
5 dian Self-Determination and Education Assistance
6 Act (25 U.S.C. 5304)) or Native Hawaiian organiza-
7 tions that possess the applicable indigenous tradi-
8 tional ecological knowledge shall be obtained.

9 “(3) Appropriate attribution to the sources of
10 the applicable indigenous traditional ecological
11 knowledge shall be identified.”; and

12 (4) in subsection (f)—

13 (A) in paragraph (1)—

14 (i) in subparagraph (F), by striking
15 “and” at the end;

16 (ii) in subparagraph (G), by striking
17 “2023 and each fiscal year thereafter.”
18 and inserting “2023;”; and

19 (iii) by adding at the end the fol-
20 lowing:

21 “(H) \$60,000,000 for fiscal year 2026;

22 “(I) \$70,000,000 for fiscal year 2027;

23 “(J) \$80,000,000 for fiscal year 2028;

24 “(K) \$90,000,000 for fiscal year 2029;

25 and

1 “(L) \$100,000,000 for fiscal year 2030
2 and each fiscal year thereafter.”; and

3 (B) in paragraph (2), by striking “2023”
4 and inserting “2030”.

5 **SEC. 4. RESEARCHING THE TRANSITION TO ORGANIC.**

6 Title XVI of the Food, Agriculture, Conservation,
7 and Trade Act of 1990 is amended by inserting after sec-
8 tion 1673 (7 U.S.C. 5926) the following:

9 **“SEC. 1674. RESEARCHING THE TRANSITION TO ORGANIC.**

10 “(a) COMPETITIVE SPECIALIZED RESEARCH AND
11 EXTENSION GRANTS AUTHORIZED.—The Secretary of
12 Agriculture (referred to in this section as the ‘Secretary’),
13 in consultation with the National Agricultural Research,
14 Extension, Education, and Economics Advisory Board,
15 may make competitive grants to support research, edu-
16 cation, and extension activities relating to the transition
17 of nonorganic production systems into organic agricultural
18 production systems for the purposes of—

19 “(1) overcoming barriers to transitioning to or-
20 ganic agricultural production;

21 “(2) documenting and understanding the effects
22 of organic practices on ecosystem services, including
23 soil health and fertility, greenhouse gas mitigation
24 and sequestration, water management, biodiversity-
25 related services, and pest management; and

1 “(3) developing improved technologies, methods,
2 models, and metrics to document, describe, and opti-
3 mize ecosystem services of transitioning agricultural
4 production into organic management.

5 “(b) GRANT ADMINISTRATION.—Paragraphs (4), (7),
6 (8), and (11)(B) of subsection (b) of the Competitive, Spe-
7 cial, and Facilities Research Grant Act (7 U.S.C. 3157(b))
8 shall apply with respect to the making of grants under
9 this section.

10 “(c) PARTNERSHIPS ENCOURAGED.—Following the
11 completion of a peer review process for grant proposals
12 received under this section, the Secretary may provide a
13 priority to the grant proposals, found in the peer review
14 process to be scientifically meritorious, that—

15 “(1) actively partner with producers or conduct
16 on-farm research; and

17 “(2) actively involve—

18 “(A) 1890 Institutions (as defined in sec-
19 tion 2 of the Agricultural Research, Extension,
20 and Education Reform Act of 1998 (7 U.S.C.
21 7601));

22 “(B) 1994 Institutions (as defined in sec-
23 tion 532 of the Equity in Educational Land-
24 Grant Status Act of 1994 (7 U.S.C. 301 note;
25 Public Law 103–382));

1 “(1) IN GENERAL.—The Secretary, acting
2 through the Administrator of the Economic Re-
3 search Service (referred to in this subsection as the
4 ‘Secretary’), shall conduct an economic impact anal-
5 ysis of organic agricultural management conducted
6 in accordance with the national organic program es-
7 tablished under the Organic Foods Production Act
8 of 1990 (7 U.S.C. 6501 et seq.).

9 “(2) REQUIREMENTS.—The analysis under
10 paragraph (1) shall—

11 “(A) take into consideration information
12 about farming and ranching operations of a va-
13 riety of sizes, with regional differences, and
14 that have a diversity of production practices
15 and methods; and

16 “(B) consider the direct and indirect eco-
17 nomic impacts of organic agriculture on rural
18 and urban communities, including—

19 “(i) the vitality of the local economy;

20 “(ii) the labor market;

21 “(iii) environmental quality;

22 “(iv) social dynamics;

23 “(v) land ownership; and

24 “(vi) any other information, data, or
25 analysis that the Secretary determines to

1 be necessary to make the analysis com-
2 prehensive, accurate, and useful.

3 “(3) PLAN.—Not later than 1 year after the
4 date of enactment of the Organic Science and Re-
5 search Investment Act of 2025, the Secretary shall
6 submit a plan to conduct the analysis under para-
7 graph (1) to—

8 “(A) the Committee on Agriculture, Nutri-
9 tion, and Forestry of the Senate; and

10 “(B) the Committee on Agriculture of the
11 House of Representatives.

12 “(4) SUBMISSION.—Not later than 3 years
13 after the date on which the Secretary submits the
14 plan under paragraph (3), the Secretary shall sub-
15 mit to the committees described in that paragraph
16 a report describing the results of the analysis con-
17 ducted under paragraph (1).”; and

18 (3) in subsection (e) (as so redesignated)—

19 (A) in paragraph (1)—

20 (i) in subparagraph (A), by striking
21 “and” at the end;

22 (ii) in subparagraph (B), by striking
23 the period at the end and inserting “;
24 and”; and

1 (iii) by adding at the end the fol-
2 lowing:

3 “(C) \$10,000,000 for the period of fiscal
4 years 2025 through 2030.”; and

5 (B) in paragraph (2), by striking
6 “\$5,000,000 for each of fiscal years 2008
7 through 2023” and inserting “\$10,000,000 for
8 each of fiscal years 2025 through 2030”.

○
