RESOLUTION

Congratulating St. Joseph's Hospital of Savannah, Georgia, upon its 150th anniversary.

Whereas, since its inception, Savannahians have come to trust the consummate care, compassion, and medical expertise that have become synonymous with the name St. Joseph's Hospital;

Whereas throughout its illustrious history, St. Joseph's Hospital has built its heritage and reputation on a continued commitment to cutting-edge medicine through highly skilled physicians, top-notch clinical professionals, and state-of-the-art medical technologies and procedures;

Whereas as a not-for-profit community hospital, St. Joseph's has had a profound and lasting impact on generations of Georgians and has continuously infused its community with an enriched sense of health, wellness, safety, and pride;

Whereas the core of this hospital's mission-centric philosophy is rooted in God's ever-present love, and its longevity is sustained by its consistent works of mercy, always focused on the people and communities it serves;

Whereas its strength in the Savannah community was further fortified by its joint affiliation with Candler Hospital in 1997, forming the largest and most experienced health care provider in Southeast Georgia while remaining locally controlled and governed;

Whereas St. Joseph's/Candler was nationally recognized by the American Hospital Association with its prestigious Foster G. McGaw Award for its commitment to community outreach through innovative programs such as St. Mary's Community Center, St. Mary's Health Center, the Good Samaritan Clinic, the African-American Health Information & Resource Center, the Volunteer Income Tax Assistance program, and the Angels of Mercy Community Volunteer Corps; and

Whereas, as St. Joseph's Hospital celebrates the historic occasion of its 150th anniversary, it is fitting to honor its rich past, salute the strength of its faith-filled service in treating illness and promoting wellness for all people in the communities it serves, and look forward with tremendous pride to its sustained health and future growth for the benefit of all residents of Southeast Georgia: Now, therefore, be it
