

119TH CONGRESS  
1ST SESSION

# H. RES. 933

Expressing the sense of the House of Representatives regarding the critical role of victim service providers in the response to domestic violence, dating violence, sexual assault, and stalking, by supporting victims through the physical, mental, emotional, financial, and legal challenges they may face in the aftermath of violence.

---

## IN THE HOUSE OF REPRESENTATIVES

DECEMBER 5, 2025

Mrs. DINGELL (for herself, Ms. MOORE of Wisconsin, Mr. FITZPATRICK, and Mrs. KIM) submitted the following resolution; which was referred to the Committee on the Judiciary

---

## RESOLUTION

Expressing the sense of the House of Representatives regarding the critical role of victim service providers in the response to domestic violence, dating violence, sexual assault, and stalking, by supporting victims through the physical, mental, emotional, financial, and legal challenges they may face in the aftermath of violence.

Whereas, section 40002(a)(43) of the Violence Against Women Act of 1994 (34 U.S.C. 12291(a)(43)), defines the term “victim service provider” to mean a nonprofit, nongovernmental, or Tribal organization or rape crisis center, including a State or Tribal coalition, that assists or advocates for domestic violence, dating violence, sexual assault, or stalking victims, including domestic violence

shelters, faith-based organizations, and other organizations, with a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking;

Whereas victim service providers are often the first people a victim may come in contact with when they reach out for help after experiencing trauma;

Whereas victim service providers are trained to provide trauma-informed care that meets the unique needs of victims;

Whereas victim service providers help connect victims and survivors to community-based organizations and services including legal guidance, counseling, housing assistance, mental health support, and immediate and long-term medical care;

Whereas victim service providers help victims navigate the complexities of—

(1) the criminal justice system, including seeking protection orders or restraining orders, family matters such as divorce, child custody or child support, administrative agency proceedings, and consumer or housing matters;

(2) criminal justice investigations, including prosecutions of the offender, and post-conviction matters that impact victims' safety, privacy, or other interests as a victim;

(3) alternative dispute resolution or other processes that promote victim safety, privacy, and autonomy, and offender accountability; and

(4) post-conviction relief proceedings in State, local, Tribal, or territorial court;

Whereas victim service providers coordinate and collaborate with the law enforcement, health care providers, schools, and community-based organizations to provide comprehensive support to survivors;

Whereas victim service providers need sustainable and proper funding to deliver consistent, quality, and often lifesaving care;

Whereas victim service providers help victims create safety plans that establish comprehensive and achievable assessments to reduce the risk of further harm;

Whereas victim service providers are crucial to ensuring that victims get the help, support, and justice they deserve;

Whereas victim service providers have been historically underfunded and under resourced, which in turn impacts the quantity and quality of services they can provide; and

Whereas victim service providers are put in positions to do critical, often lifesaving work, without adequate resources: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) deeply values and supports the essential  
3       work of victim service providers in helping victims  
4       and survivors heal mentally, physically, and emotion-  
5       ally from trauma; and

6               (2) acknowledges the need to meaningfully in-  
7       vest in the work of victim service providers.
