4 **SEC. 4. PRIVATE RIGHT OF ACTION.**

5 (a) IN GENERAL.—An individual subjected as a child
6 to chemical or surgical mutilation prohibited by section 3,
7 or the parents or legal guardians of such individual, may
8 bring a civil action in an appropriate district court of the
9 United States for damages against any health care profes-
10 sional, hospital, or clinic, who participates in the chemical
11 or surgical mutilation of that child. Such a cause of action
12 shall be available regardless of whether the alleged chem-

3 (c) **STRICT LIABILITY.**—Any health care profes-
4 sional, hospital, or clinic whose participation in the chem-
5 ical or surgical mutilation of a child after the date of en-
6 actment of this Act is proven by clear and convincing evi-
7 dence shall be strictly liable for damages for any such act
8 of mutilation. If a treatment qualifies under an exception
9 specified in clauses (i) through (iv) of section 2(1)(B), and
10 that is raised as an affirmative defense to a violation of
11 this Act, the health care professional, hospital, or clinic
12 shall bear the burden of proving by clear and convincing
13 evidence that such exception applies.

20 upon reaching adulthood, or in circumstances not
21 described in section 3(b), provided by health care
22 professionals, or mental health professionals, pro-
23 vided that such actions do not constitute participa-
24 tion in chemical or surgical mutilation, as defined in
25 section 2.

1 (2) No liability for a health care professional
2 under these provisions may be waived.

3 (3) Any ambiguities shall be resolved against
4 any party found to have engaged in participation, as
5 defined in section 2(6), in the chemical or surgical
6 mutilation of a child.

7 (4) In any cases in which chemical or surgical
8 mutilation of a child is shown to have occurred be-
9 fore the date of enactment of this Act, there is lim-
10 ited deference to prevailing standards of care to the
11 extent that such standards contradict the intent of
12 this Act and it is shown that the health care profes-
13 sional knew or should have known that such stand-
14 ards of care were in serious, scientific, and medical
15 dispute at the time of the chemical or surgical muti-
16 lation.

17 (5) Nothing in this Act shall be construed to
18 prohibit a health care professional or mental health
19 professional from providing information about all
20 available treatment options, discussing risks and
21 benefits, or expressing professional medical opinions,
22 so long as such actions do not constitute participa-
23 tion in chemical or surgical mutilation.

1 **SEC. 6. STATUTE OF LIMITATIONS.**

2 An action under section 4 may be brought within 25
3 years from the date of the eighteenth birthday of an indi-
4 vidual subjected to chemical or surgical mutilation as a
5 child or within 4 years from the time the cost of a
6 detransition treatment is incurred, whichever date is later.

7 **SEC. 7. SEVERABILITY.**

8 If any provision of this Act, or the application of such
9 a provision to any person or circumstance, is held to be
10 unconstitutional, the remainder of this Act, and the appli-
11 cation of the provision held to be unconstitutional to any
12 other person or circumstance, shall not be affected.
